RPM Industrial Coatings Group

RPM Industrial Coatings Group

The RPM Industrial Coatings Group is home to more than 10 industry-leading coatings and finishing brands. Our dynamic portfolio includes liquid coatings, powder coatings, touch-up and repair products, sundries, adjuvants, and much more. You'll find our products around the globe in industries from architecture and automotive to farming, forestry, and marine.

Collaboration, both across our brands and with our customers, is the cornerstone of all we do. We recognize that technology, communication, and the regulatory landscape of our industry are changing more quickly than ever, and we believe in the power of teamwork to ensure that our customers get the products and guidance they're looking for, every time.

That's why we are excited to introduce our Innovation Center of Excellence in Greensboro, NC. This state-of-the-art facility serves as a hub for collaboration and is designed to harness the creativity and expertise of our brightest minds. Together we are pursuing groundbreaking solutions that meet the unique needs of our customers.

morrells

Morrells.co.uk

Morrells Woodfinishes has manufactured wood lacquers, coatings, and finishes since 1902. A once small, London-based company became today's largest manufacturer of wood finishing products in the UK. Their strong British heritage, high-performance products, and reliable service awarded them a Royal Warrant, appointing them Manufacturers of Wood Finishes to Her Majesty, The Queen.
