

INAPRO® HS-MSO

Activator, Penetrant, Surfactant, Spreader

KEEP OUT OF REACH OF CHILDREN

WARNING!

Causes serious eye damage

Principal Functioning Agents:

Methylated Soybean Oil.....	75.0%
Proprietary blend of amine oxides and fatty acids (non-APE/NPE).....	25.0%
Total.....	100.000%
Components exempt from the requirement of a tolerance in 40 CFR 180.	

See Safety Data Sheet (SDS) for more information.

NOT FOR AQUATIC USE

PRODUCT DESCRIPTION

INAPRO® HS-MSO is a highly concentrated blend of quality methylated soybean oil and surfactant blend. This concentrated formula can be used at reduced rates to traditional methylated seed oil. INAPRO® HS-MSO is specifically designed to benefit many pesticide applications with a high-content blend of innovative and patent-pending difunctional, long-chain amine oxide surfactants.

INAPRO® HS-MSO contains humectant qualities as well as superior penetration performance provided by buffered amine oxide technology to improve the effectiveness of systemic and contact herbicides. When used as directed, INAPRO® HS-MSO maximizes certain pesticides; always read and follow label recommendations, and take special care with sensitive crops during periods of drought stress, high temperatures or high humidity.

RATE RECOMMENDATIONS

If the herbicide recommends 1 pt/A, use 0.5 pt/A to 0.75 pt/A.

If the herbicide recommends 1 qt/A, use 1 pt/A.

Or use 1.5 to 3 quarts per 100 gallons (minimum 8oz/A). You can reduce rates by 25% under ideal growing conditions (minimum 8 oz/A).

DIRECTIONS FOR USE

SHAKE WELL BEFORE USING. Start with a clean spray tank. INAPRO® HS-MSO should be added to the tank accordingly to mixing order recommended on the pesticide product label. Agitate while mixing and during spraying. Generally, add product after pesticides have been added and thoroughly mixed.

STORAGE AND DISPOSAL

Keep containers sealed when not in use. Store in original container only. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.arecycle.org

Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

PRECAUTIONARY STATEMENTS

Causes serious eye irritation. Wash face and hands and any exposed skin thoroughly after handling. Wear protective gloves, protective clothing, eye protection and face protection when mixing or applying. Consult the SDS for further information.

FIRST AID

IF SWALLOWED: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately. Risk of product entering the lungs on vomiting after ingestion. Gently wipe or rinse the inside of the mouth with water. If a person vomits when lying on back, place in a recovery position. **IF IN EYES:** Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. **IF ON SKIN:** Wash off immediately with plenty of water for at least 15 minutes. Remove contaminated clothing and shoes. Wash contaminated clothing before reuse. **IF INHALED:** Move person to fresh air. If a person is not breathing call 911 or an ambulance, then give artificial resuscitation. Always call a poison control center or doctor for further treatment advise.

DISCLAIMER

To the extent consistent with applicable law, seller (whether manufacturer, distributor, or other) makes no warranty express or implied, including the implied warranty of merchantability AND IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE regarding this product except the composition as set forth in the ingredient statement herein, and shall not be liable for LOST PROFITS, LOST PRODUCTION, LABOR COSTS, TRANSPORTATION CHARGES, OR ANY special, consequential, INCIDENTAL OR DELAY damages, the exclusive remedy being the replacement of the product. To the extent consistent with applicable law, buyer or user assumes all risk of possession, handling or use of this material when such use and/or handling is contrary to label instructions.
