

## INAPRO® MAXX

• Activator • Penetrant • Surface-Active Agent • Buffering Agent • Spreader

**KEEP OUT OF REACH OF CHILDREN**

### DANGER!

Causes skin irritation  
Causes serious eye damage

#### Principal Functioning Agents:

Lauryl dimethylamine oxide, potassium carbonate, potassium bicarbonate, and proprietary surfactants.....46.90%  
Constituents Ineffective as Spray Adjuvants.....53.10%  
Total.....100.00%  
(Surfactant Content 24%)  
Ingredients exempt from the requirements of a tolerance under 40 CFR 180.

See Safety Data Sheet (SDS) for more information.

#### NOT FOR AQUATIC USE

**GENERAL INFORMATION:** INAPRO® MAXX increases the performance of certain herbicides. The product contains a surface-active agent and small amounts of mineral based pH buffers that facilitate constant pH of the ready-to-use solution in the spray tank and when applied to the foliage.

May be used on agricultural, forestry, industrial, structural and cropland sites against nuisance plants.

**DIRECTIONS FOR USE:** When used as a buffer in a tank mix, first add INAPRO® MAXX, mix, and proceed with the pesticide instruction label. INAPRO® MAXX can be added at any time when used as a surface-active agent, penetrant, activator, and/or a spreader.

**APPLICATION RATE:** Use INAPRO® MAXX at a rate of 0.203-2% v/v or 26-256 liquid ounces per 100 gallons of total tank blend herbicide solution unless an alternative recommendation is noted on the pesticide label. Use rate is dependent on weed species, herbicide, conditions, and standard industry practices.

**MIXING:** To reduce foaming, add the full quantity of the INAPRO® MAXX when spray tank is nearly full. Mix thoroughly.

**COMPATIBILITY:** INAPRO® MAXX is compatible with technical grade Glyphosate and Glyphosate containing formulations, 2,4-Dichlorophenoxyacetic acid and 2,4-Dichlorophenoxyacetic acid salts, brushweed herbicides, and other herbicides containing metsulfuron-methyl, picloram and/or triclopyr. However, if the desired combination has not been previously used, a compatibility test is recommended.

Always consult herbicide product labels for proper rate.

First Aid	
<b>IF ON SKIN OR CLOTHING</b>	Wash with plenty of water for at least 15 minutes. Take off immediately any contaminated clothing and wash it before reuse. Call a physician or poison control center immediately.
<b>IF IN EYES</b>	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor.
<b>IF SWALLOWED</b>	DO NOT induce vomiting. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately. Risk of product entering the lungs or vomiting after ingestion. Gently wipe or rinse the inside of the mouth with water. If a person vomits when lying on back, place him in recovery position.
<b>IN INHALED</b>	Move person to fresh air. If not breathing, give artificial respiration. Call a poison control center immediately.
<b>HOT LINE NUMBERS</b>	For medical emergencies call your poison control center at 1-800-222-1222. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For transportation emergencies, call Chemtrec at 800-424-9300 (US); +1 703-741-5970 (International).
<b>NOTE TO PHYSICIAN</b>	Treat symptomatically. Smallest quantities reaching the lungs through swallowing or subsequent vomiting may result in lung edema or pneumonia. There is no special antidote for effects from overexposure to this material.

#### PRECAUTIONARY STATEMENTS

**PREVENTION:** Wash face and hands and any exposed skin thoroughly after handling. Wear protective gloves, protective clothing, eye protection, face protection.

**PERSONAL PROTECTIVE EQUIPMENT (PPE):** Wear protective gloves/protective clothing/eye protection/face protection. Safety glasses with side shields. Wear impervious gloves and/or clothing if needed to prevent contact with the material. Rubber/latex/neoprene or other suitable chemical resistant gloves. If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn.

**STORAGE:** Keep container tightly closed in a dry and well-ventilated place. Keep in properly labeled containers. Keep away from food, drink and animal feedings. Freeze / thaw stable.

**DISPOSAL:** Dispose of contents in accordance with local/regional/national/international regulations.

**IN CASE OF FIRE:** Use: Water spray. Carbon dioxide (CO<sub>2</sub>). Foam. Dry chemical.

**DISCLAIMER:** To the extent consistent with applicable law, seller (whether manufacturer, distributor, or other) makes no warranty express or implied, including the implied warranty of merchantability AND IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE regarding this product except the composition as set forth in the ingredient statement herein, and shall not be liable for LOST PROFITS, LOST PRODUCTION, LABOR COSTS, TRANSPORTATION CHARGES, OR ANY special, consequential, INCIDENTAL OR DELAY damages, the exclusive remedy being the replacement of the product. To the extent consistent with applicable law, buyer or user assumes all risk of possession, handling or use of this material when such use and/or handling is contrary to label instructions.
