

INAPRO® Patrol 83:17

Water Conditioning Agent, Drift Control Agent, Surfactant, Spreader

KEEP OUT OF REACH OF CHILDREN

WARNING!

Causes serious eye irritation.

Principal Functioning Agents:

Ammonium Sulfate, Paraffinic Oil, 1-dodecanamine, N,N-dimethyl-N-oxide,30.828%
Constituents Ineffective as Spray Adjuvants.....69.172%
Total.....100.000%
Surfactant Content 2.695%
Ingredients exempt from the requirements of a tolerance under 40 CFR 180.

See Safety Data Sheet (SDS) for more information.

NOT FOR AQUATIC USE

GENERAL INFORMATION: INAPRO® Patrol 83:17 must be tank blended only with EPA-registered herbicide product(s) to enhance the performance of the active ingredients of those products into nuisance plants using low pressure spray application methods.

INAPRO® Patrol 83:17 is designed as a drift control agent, water conditioning agent, surfactant, spreader and liquid ammonium sulfate product for use with herbicides registered for agriculture, forestry, industrial, municipal, non-cropland and right-of-ways.

DIRECTIONS FOR USE: Adjuvant addition to tank blends may cause phytotoxicity to foliage or target crops with certain active ingredients. Prior to using INAPRO® Patrol 83:17, applicator must have knowledge of the herbicide products and other additive products being utilized in the tank mix or have conducted a phytotoxicity test.

APPLICATION RATES: Ground/Foliar application: 0.5-2.5%(v/v) (0.5-2.5 gallons) of INAPRO® Patrol 83:17 per 100 gallons of spray solution. **Aerial application** 2.5-5% (2.5- 5gallons) of INAPRO® Patrol 83:17 per 100 gallons of spray solution.

INAPRO® Patrol 83:17 provides the equivalent of 5.5lbs dry ammonium sulfate in 2.5 gallons.

MIXING: If specific mixing instructions are not present on the herbicide label, utilize the following order of addition. These mixing instructions apply for every target application of INAPRO® Patrol 83:17.

1. Add water or desired carrier to spray tank up to 50% of desired total volume
2. Add any additional compatibility agents, antifoam, if required
3. Add any additional dry formulations (WP, DF, WDG, SP)
4. Add any additional dry soluble and suspension fertilizers.
5. Add any additional liquid drift retardants and flowable formulations (F & FL)
6. Add liquid concentrates, suspension and microencapsulated (LC, SC, ME)
7. Add emulsifiable concentrates (E, EL or EC)
8. Add any additional solutions and soluble liquids
9. Add any additional liquid micronutrients and fertilizers
10. Add any additional water conditioners and other adjuvant products (COC, HSOC, MSO, NIS)
11. Complete filling with carrier to desired spray volume level

Always consult herbicide product labels for proper rate.

FIRST AID	
IF IN EYES	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a physician or poison control center immediately. If eye irritation persists: Get medical advice/attention.
IF INHALED	Move to fresh air. If not breathing, give artificial respiration. Call a physician or poison control center immediately.
IF ON SKIN OR CLOTHING	Wash off immediately with plenty of water for at least 15 minutes. Call a poison control center or doctor for treatment advice. Remove contaminated clothing and shoes. Wash contaminated clothing before reuse.
IF SWALLOWED	Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately. Risk of product entering the lungs on vomiting after ingestion. Gently wipe or rinse the inside of mouth with water. If a person vomits when lying on his back, place him in the recovery position.
HOT LINE NUMBERS	For medical emergencies call your poison control center at 1-800-222-1222. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For transportation emergencies , call Chemtrec at 800-424-9300 (US); +1 703-741-5970 (International).
NOTE TO PHYSICIAN	Treat symptomatically. There is no specific antidote for effects from overexposure to this material.

PRECAUTIONARY STATEMENTS

PREVENTION: Wash face and hands and any exposed skin thoroughly after handling. Avoid contact with the skin and the eyes. Evacuate personnel to safe areas. Use PPE. Take precautionary measures against static discharges. All equipment used when handling the product must be grounded. Eliminate all ignition sources (no smoking, flares, sparks or flames in immediate area).

PERSONAL PROTECTIVE EQUIPMENT (PPE): Wear protective gloves/protective clothing/eye/face protection.

STORAGE: Keep container tightly closed in a dry and well-ventilated place. Keep away from open flames, hot surfaces and sources of ignition. Keep in properly labeled containers. Store in accordance with local regulations. Keep away from food, drink and animal feedingsuffs.

DISPOSAL: Dispose of contents in accordance with local/regional/national/international regulations.

IN CASE OF FIRE: Use: Carbon dioxide (CO₂). Foam. Dry chemical.

DISCLAIMER: To the extent consistent with applicable law, seller (whether manufacturer, distributor, or other) makes no warranty express or implied, including the implied warranty of merchantability AND IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE regarding this product except the composition as set forth in the ingredient statement herein, and shall not be liable for LOST PROFITS, LOST PRODUCTION, LABOR COSTS, TRANSPORTATION CHARGES, OR ANY special, consequential, INCIDENTAL OR DELAY damages, the exclusive remedy being the replacement of the product. To the extent consistent with applicable law, buyer or user assumes all risk of possession, handling or use of this material when such use and/or handling is contrary to label instructions.
