

KCPP Super Purple

Product Description

Super Purple is an extremely concentrated purple indicator dye designed for pesticide spray applications.

Benefits and Features

- Triple concentrate mixing (1500 to 1 ratio) for lower use rate
- Low acid and corrosivity compared to competing products
- Colorant persists for up to 30 days
- Clear visible marking for later verification on proper treatment and coverage

Application Rate

0.067% v/v or 1 part concentrate to 1500 parts of tank blend pesticide solution
