Standard Durables

	12 MOS	18 MOS	24 MOS	36 MOS	48 MOS
Brown	78%	31%	15%	-	-
Black	64%	11%	14%	-	-
Red	81%	39%	20%	-	-

Super Durables

	12 MOS	18 MOS	24 MOS	36 MOS	48 MOS
Brown	95%	93%	92%	89%	93%
Black	93%	91%	88%	80%	72%
Red	78%	74%	70%	65%	54%

TCI's super durable coatings including all of our RAL colors are uniquely suited for harsh outdoor environments. Some of these coatings meet or exceed AAMA 2604 standards. Windows, doors, railings and other architectural applications, as well as many residential products like patio furniture and lawn and garden equipment all benefit from long lasting protection of our super durable coatings. These coatings provide increased gloss retention over standard durable coatings and provide a beautiful finish for years.
